Proposals for Papers (Short Abstracts)

Proposals for papers in short abstract form should not exceed 500 words (exclusive of references). They should contain the proposer's name, affiliation, postal and e-mail address. When printed out, the title and body should fit on a single page of 12-point type, with a margin of 2 cm.

Abstract proposals must be received in electronic format (MS-Word, text or rtf files) at

info@euroconferences.info

no later than **31 December 2006**.

The abstract proposals will be evaluated by members of the scientific committee and proposers will be notified by 15 January 2007 if their proposal has been accepted.

Upon acceptance of an abstract proposal, speakers will be asked to submit an extended abstract. Extended abstracts offer the opportunity for conference participants to familiarize themselves beforehand with the topic and approaches presented at the conference and will be made available to the conference participants before the conference to facilitate interaction and discussion.

Selected papers will be published.
